“We beat Linden McKinley in a double header twice on their diamond. They went on to win the state, but we didn’t get out of the district. 1950 was a good ball club.”

- Coach Tony Martin

“I enjoyed baseball and really loved playing the game. Just wished we would have had more games on the schedule back then.”

- Bill Sampson

“Beating Athens High School in the District Tournament. Athens High School at that time was coached by Bob Wren, who had just come out of professional baseball with the St. Louis Browns. I grew up loving the game of baseball. High School baseball helped me get a college education at Ohio University. Tony Martin gave me a chance to play at a young age and I learned from Tony Martin that you have to make things happen. “

- Dick England
