"Steve Arledge was destined to be a good ball player but cancer cost him his leg. He coached first base for us and we dedicated the season to him."

- Head Coach Dick England

"I enjoyed and learned a lot from my years on the Varsity baseball team. There was camaraderie among the players and it was truly a pleasure to play with such tremendous athletes as all-stater Rex Kern and pitching ace Dick "Daubber" Daubenmire. Making it to the State Semi-Finals is something you never forget. Best wishes to all the former Golden Gales baseball players and to Coach England, one tough taskmaster."

- Neal Boyer

"I was not one of the best but it was great being part of something larger than yourself."

- Lennie Conrad

"The best memories I have of my high school baseball career are the friends that I made through the years and the closeness of our teams, especially in 1967 when I was a Senior."

- Dick Daubenmire

"Favorite saying of Dick's was 'You dumb Sophomore', heck, I thought that was my name until my Junior Year."

- Rex Kern
